

MR. M'GILLIVRAY'S PATRONAGE BILL
LIKELY TO SECURE BIG MAJORITY IN ASSEMBLY.

The Bill Prohibiting Saloons Within a Half Mile of Soldiers' Home at Milwaukee in the Hands of the Committee—Anti-Pass Resolution Will Be Debated.

Madison, Wis., March 13.—Senator McGillivray's patronage bill for the distribution of state jobs among the different counties according to population seems likely to go through the assembly by even a bigger majority than it had in the senate. There is little probability, however, that it will receive Governor Scofield's signature nor that the senate will pass it over his vote. The promoters of the bill have been trying to push it through before Gov. Scofield got back from California, being much more hopeful of securing the signature of Acting Governor Stone than that of Gov. Scofield. Not one, not even the author of the bill appears to have figured out just how it would operate if it should become a law, the arguments for its passage in the senate being not so much on the merits of the bill as they were protests against division of patronage in the past and present, and endeavors to work on the prejudices of the members.

The bill prohibiting saloons within a half mile of the soldiers' home at Milwaukee is still in the hands of the committee. Judging from the vote on the bill to prohibit saloons within 250 feet of a church or school, the Milwaukee brewers lobby will have a harder task to defeat the soldiers' home bill than they did two years ago. The latter once during the week passed the assembly by a vote of 44 to 43 but was later reconsidered and killed by a narrow majority, owing largely to the fear that it would be construed as eliminating several saloons already located within the prohibited district, which it was felt would be an injustice to their owners.

The anti-pass resolution, for a constitutional amendment, which will forbid forever the use of passes, is on the program for debate in the assembly tonight but it is more likely to go over until tomorrow. There promises to be a hot discussion. The assembly railroad committee brought in a divided report, the minority, Messrs. Rusk, Harvey, Elia and Sturdevant reporting in favor of the amendment providing forfeiture of office as the penalty for using passes. It is very possible that the minority report and the forfeiture amendment will be adopted, in which case the resolution will go back to the senate, which defeated the same amendment against the vigorous protest of Senator Dennett. Meanwhile Mr. Thomas, chairman of the assembly railroad committee, is holding up the anti-pass bill, to cut off passes in the interval between now and the time the amendment can go to a vote of the people and be finally adopted, until the resolution is disposed of.

The bill imposing a tax of 45 cents a ton on ice shipped out of the state has been favorably reported in the senate and seems likely to be enacted into a law. It is favored by most of the small ice dealers, who say that they have been shut out of the shipping business by the Knickerbocker Ice Trust, which practically controls the business. In answer to the threat of the Knickerbocker people to cut all their ice outside of Wisconsin if the bill is passed other ice men say that the Knickerbockers have never cut any more ice in Wisconsin than they were compelled to, and that since they have secured control there has been less ice shipped out of the state than ever before.

Chief Clerk Newell's report of the condition of business in the assembly shows that there 311 bills, about three-fifths of the total number introduced still in the hands of committees, and the lower house will have to rush its business faster than it has done thus far if it gets through by April 15. The senate is farther ahead with its work than the assembly and pushes things along by holding evening sessions at which committee reports are made and bills got on the calendar for the next day. But the principal thing which keeps the assembly's work back is the amount of oratory indulged in on the floor. Notwithstanding the fact that it is conceded that speeches on the floor seldom change a vote, scarcely a measure of any general importance goes through that body without half a dozen or more speeches being made on it. The senate on the other hand only indulges in any extended discussion on important bills over which there is a close contest, and thereby expedites its work.

One of the most pleasant social events of the week was the reception given Thursday evening by Ex-Speaker Geo. B. Burrows, to the legislators and newspaper men who were present at the session of 1895 when he wielded the gavel in the assembly.

Big Lumber Plant Is Burned. Jacksonville, Fla., March 13.—Almost the entire plant of the Cummer Lumber company, situated on the St. John's river, four miles north of Jacksonville, was destroyed by fire Sunday, entailing a loss of over \$250,000, with 80 per cent of insurance.

BUSINESS WILL BE BETTER
Wages Increased Among Thousands of Workmen.

Leading trade journals throughout the country are united in the opinion that one of the greatest factors in the future prosperity of the country is the present increasing wages. The increase noted among eastern operatives has been extended so that this week over 175,000 workmen are included in an increase of wages of ten per cent or more. Inasmuch as it is the wages of the workman which are distributed among the tradesmen, and the more the wage earner has, the better average business is, the effect of the general raise will be far reaching.

Banks of the country show an increased business, the clearings for the week amounting to 49.5 per cent more than the corresponding week of last year.

OSHKOSH GIRL IS FOUND DEAD IN BED
YOUNG LADY ABOUT TWENTY-FOUR YEARS OLD.

Marks on Her Throat Seem to Indicate That She Was Strangled—Police Take Charge of the Remains—Post Mortem Examination Will Be Held.

Oshkosh, Wis., March 13.—[Special]—Minnie Brown, a young lady about twenty-four years of age, was found dead in her bed this morning. There were several marks on her throat, which seems that she had been strangled during the night. The young lady was employed in a restaurant as a waitress and lived alone in a room over the restaurant. Those who have examined the body are firm in the belief that the girl met her death by foul play. The police have taken charge of the remains and a post mortem examination will be held. Although at the hour, the authorities have no clue as to the perpetrator of the deed, yet it is generally believed that startling developments will follow and every possible effort will be made to unearth the mystery.

Big Ocean Liner Ashore
Yarmouth, N. S., March 13.—The new and palatial passenger and freight steamship Castilian of the Allan line, bound from Portland, Me., for Liverpool, lies on Gannet Rock ledge, a dangerous point on the coast thirteen miles from here, a few miles from where the Moravia of the same line was lost some years ago. Tugs were dispatched to her assistance and they returned, bringing the fifty-five passengers, who were taken off with difficulty, as the weather was thick and a stiff breeze was kicking up a rough sea. The captain and crew remained aboard the vessel. The Castilian is valued at \$700,000 and her cargo at \$450,000.

Typhoid Grips Philadelphia
Philadelphia, Pa., March 13.—This city has an epidemic of typhoid fever. The close of the tenth week of the year shows a mortality from the malarial in Philadelphia far in excess of the number of men and officers killed in the battles on land and sea in the war with Spain, and almost equal to the total of those killed in action and those who subsequently died of their wounds. The record so far this year is 3,424 cases and 360 deaths.

Magee May Succeed Quay
Harrisburg, Pa., March 13.—A crisis in the senatorial contest is fast approaching. There is a persistent rumor that, unless the developments of the present week are favorable to Quay he will voluntarily withdraw from the contest and throw his strength to C. L. Magee of Pittsburgh.

Lightning Discharges from Kites
A number of very violent lightning discharges down the wires with which scientific kites are flown have just been recorded. In some cases the flash coming down the wire burned and destroyed several thousand feet of wire. One observer says that a column of fire a foot in diameter seemed to follow the wire. The slight electrical disturbance conducted down Franklin's wet kite-string was trivial compared to these most dangerous discharges.

THERE IS EVIDENCE OF MORAL SUPPORT
THE RUSSIAN MINISTER AT PEKIN SO INTIMATES.

China May Secure Aid in Resisting the Demand of Italy For a Lease of San Mun Bay—The Note Sent Contained No Menace.

Pekin, March 13.—[Special]—There is evidence that the Russian minister here has assured Tsung Li Yamen that it can be certain of the Russian's moral support in resisting the demand of Italy for a lease of San Mun bay, though no promise of material aid is given. He stated that the note sent to Tsung Li Yamen by the Italian minister last Friday contained no menace.

London, March 13.—The Pekin correspondent of the Times says that the present disposition of the Chinese government shows that there is no intention to yield to Italy's demand and stronger measures will be necessary to enforce compliance with it. The Tsung Li yamen is entirely ignorant of Italy's place among the nations.

The Belgian minister is still pressing for a concession at Hankau. It is the feeling of Englishmen in China that the British government should oppose the granting of this concession, on the ground of the unfriendly part played by Belgium, who acted with France and Russia throughout the recent negotiations respecting the Luan railway.

Russia Supporting China.

Pekin, March 13.—There is ample evidence that the Russian minister here has assured the Tsung Li yamen that it can be certain of Russia's moral support in resisting the demand of Italy for a lease of San Mun bay. The assurance, however, is extremely cautious, no promise being given of material aid.

It is stated that the note sent on Friday to the Tsung Li yamen by Signor Martino, the Italian minister, contained no menace of any sort.

It is thought that a quid pro quo has been agreed upon by Great Britain and Russia regarding the settlement of the loan contract protest, and that Great Britain has consented that the railway will not be extended beyond Moukden.

Did Not Appeal to America.

Washington, March 13.—There is the highest authority for contradicting the statement that Italy sought and secured the moral support of the United States government in her seizure of San Mun bay, China. This statement has been sent out from Washington, and now it is repeated from Rome. There is no truth in the report.

Italian Cruiser Ordered Out.

Vienna, March 13.—The Neue Freie Presse says it learns from Milan that an order from the Italian minister of marine reached Spezia on Friday last to commission the warship Carlos Alberto with all possible speed, for service in Chinese waters.

Baraboo, Wis., March 13.—The recent thaw and heavy downpour of rain last night did considerable damage in this city. The reservoir from which the city gets its supply was also flooded with surface water.

U. S. TROOPS MAKE ANOTHER CAPTURE
GUADALUPE TAKEN BY GEN. WHEATON'S BRIGADE.

The Resistance Was Slight, the Enemy Retreating Towards Pasig and Pateros, the Next Point to Be Attacked—The Enemy's Loss Was Forty Killed.

Manila, March 13.—[Special]—Guadalupe was captured this morning by Wheaton's brigade. The resistance was slight. The enemy retreating towards Pasig and Pateros, which will be the next point to be attacked. A gunboat steamed up the Pasig river, shelling a jungle and materially aiding our troops. The American loss was five wounded; enemy's loss, forty killed and a large number wounded.

Sixteen Filipinos were taken prisoners, the Americans wounded are regulars as follows: L. Folger, Thomas Miller, Charles Davis, Corporal Christ Thomson, Twentieth Infantry, Corporal Charles Easley, Twentieth Second Infantry; James Kline, private, Twentieth Kansas, was killed in front Calocan today by the enemy's sharpshooters.

An advance flying column under General Wheaton today is the first step in an aggressive campaign, planned by Gen. Otis who intends to stretch a line of troops across the island, thus cutting off all communication between the Northern and Southern wings of Aguinaldo's army. Gen. Wheaton's troops, fought with a spirit, despite the intense heat. The fight was brief, however, the Filipinos being easily driven back in disorder. They made several attempts to rally, but the fire from the front drove them towards the river, where the gunboat's shells sent them back again. They finally broke into small bands and fled. Gen. Otis' plan contemplates a capture of Mololos, where Aguinaldo expected to make a last stand. If the rebels are not subjugated before the move is made a capture of the capital, 'tis thought, will end all fighting.

More Captures by Wheaton.

Manila, March 13.—[Special]—Pasig and San Nicolo were also taken today by Wheaton's brigade. After taking Guadalupe the troops moved to the right, passed through San Nicolo, meeting but little resistance. Pateros was next attacked, the rebels retreating to Pasig. Wheaton's men followed closely to Pasig. Here another hour's stand was made by the enemy. The artillery bombarded the town vigorously, finally causing the Filipinos to vacate. Thereupon the victorious Americans occupied the town.

Wheaton Rests His Troops.

Manila, March 13.—[Special]—After shelling the enemy out of Pasig, Wheaton rested his troops on the bluff overlooking Pateros and Taguete. A gunboat steamed into the lake at this point and repeatedly threw shells into a jungle. The Americans lost two who were killed during the advance: Privates Stewart, Twentieth Infantry; Munson, Twenty-Second. The following additional were wounded: Theodore Misner, John Blazock, William O'Brien, William Rhinehardt, Willet Harmon, of the Twenty-Second Infantry; R. Piper, C. Summer, Matthew Sharkey, of the Twentieth Infantry; Walter Ervine, of the Oregon volunteers.

Manila, March 13.—Gen. Wheaton's brigade, consisting of the newly arrived Twentieth regulars, the Twenty-Second regulars, 900 men of the Washington and 800 of the Oregon volunteers, with three troops of cavalry and a light battery, advanced along the Pasig this morning, and after some opposition drove the rebels from their position. Gen. Wheaton was himself in command. The troops were assisted by a gunboat, which threw shells into the hiding places of the rebels along the river banks and forced them to retire.

Gen. Wheaton's brigade numbers nearly 4,000 men, more than half of whom are regulars. Today's advance will probably be followed by a general advance which has been contemplated for some time along the whole line.

The rebels are reported to have lost heavily in this morning's firing, while no casualties among the Americans have so far been reported.

Headquarters present a busy scene, and Gen. Otis has had many conferences with his brigade and division commanders and Gen. Layton.

Yesterday there was a skirmish with one of Aguinaldo's regiments, commanded, it is said, by a white man, who made unavailing efforts to compel his soldiers to fight the Americans after two companies of the latter had sent some of them flying from their trenches by well-directed volleys.

Otis Stops Negotiations.

Manila, March 13.—Gen. Otis has forbidden the continuance of the negotiations between the Spanish commanders and the Filipinos for the release of the Spanish prisoners held by the natives. His object in doing this is presumably to prevent the Filipinos from obtaining the immense ransom which they demand for freeing the prisoners, as the money would undoubtedly be used in aiding the rebellion. The payment of ransom for these captives by Spain would thus result in Spain aiding the rebellion, a state of affairs which is desired by some Spaniards. Of course this cannot

be allowed, however much the American authorities may sympathize with the Spanish captives.

Ask to Join Philippines.

Washington, March 13.—The following is an extract from a letter from Maj. Theodore Sternberg, paymaster of United States volunteers. It is dated Manila, Jan. 29, 1899: "I wish you would call the attention of the president and secretary of war to this: There is not less than 10 per cent of the volunteers who honestly wish to remain in these islands and make homes here, and engage in agriculture, lumbering and mining. From every point of view this should be encouraged, unless America means to haul down its flag and sneak home. The time will come when every American will recognize the value of these islands."

A SENOATION AMONG ACTORS

Mr. and Mrs. Farley Concerned in Action of a Grand Jury.

Janeville people familiar with theatrical affairs, were surprised by news from Mason City, Iowa, today. A Mason City paper says that the grand jury of Cerro Gordo county is working on a case in which three well known theatrical people are principals. One is Mr. Farley, a prominent manufacturer of that city and backer of the Farley Stock company, which played through Wisconsin and Iowa last fall. He alleged undue intimacy between Mrs. Farley and Manager Robert Halcott, and the matter has been laid before the grand jury. The case will in all probability come up during the May term of the district court. The company gained considerable notoriety in Mason City on account of the suit for damages brought against Manager Halcott by Superintendent Sale, of the city schools, for using profane and obscene language to the pupils of the city schools while distributing bills on the school ground. Halcott was acquitted of this charge.

It rained heavily here Sunday, but despite this fact more than 8,000 persons went out to the Quinta de los Bolinos, where Gen. Gomez is living, and made a demonstration in his honor.

Francisco Gonzales, a friend of the late President Marti, was one of the spokesmen of the demonstrators. He told Gen. Gomez that the people of Cuba and the army desired him to remain in Cuba, and that it was their wish that the assembly might be dissolved. Sixty Cuban clubs also called on Gen. Gomez. In thanking them for the sympathy they expressed for him, he said that he respected the orders of the assembly and advised that the people remain calm.

THE MUCH-DREADED "GRIP."

Suggestions From An Experienced Physician For Its Prevention and Cure.
(Reprinted by request.)

La grippe ("grip") should not be allowed to get a hold on the symptom. When the usual symptoms of lassitude, pain in the bones with chilliness, headache, etc., appear, followed by fever and general indisposition, the patient, if possible, should at once go to bed and take an "Orangeine powder" dissolved in a teacup of hot water or hot lemonade, as hot as he can drink it, and cover well. He should not throw off the cover because he feels hot, but let the perspiration come freely, and the following morning rub the entire body with a dry towel, take an "Orangeine" powder upon the tongue, or with a drink of cold water, repeating it every four or five hours during the daytime, and the trouble will soon disappear. After one night it will not be necessary to remain in bed.

"If 'grip' symptoms appear when full treatment is impossible, an 'Orangeine' powder dissolved on the tongue every four or five hours will avert the disease.

RISE IN PRICE OF BROOMS

Price Will Advance as Result of a Recent Meeting.

The new broom that sweeps clean continues to cost more money. For the past two months the price has been going up and as a result of a meeting just held in Chicago the price will instantly go up considerably more, Milwaukee manufacturers say. This only makes a difference of 4 or 5 cents to the purchaser of an individual broom, but it makes a difference when the brooms are purchased by the dozen. Since the beginning of the new year different classes of brooms went up 25, 30 and 40 cents per dozen. They are now to advance about as much more because a few men have bought up the available supply of broom-corn.

Broom-corn cost until recently \$50 or \$60 a ton. Now the price has been run up to \$125 and \$150 a ton. The broom barons recently held a meeting at the Palmer house in Chicago and accomplished this result. Broom-makers at Milwaukee received a billet doux from them Saturday politely informing them of the new schedule of prices. Brooms are selling now at \$3.50 to \$4 and \$5 a dozen. Some of the broom corn is raised in Wisconsin, but the bulk of it comes from Illinois, Kansas, Oklahoma and Nebraska.

Brooms made in Wisconsin are shipped west mostly.

comedy-drama and Mr. Whiteside shows to the best possible advantage in the character of a young captain in the Revolutionary army. The part fits him to a nicety and it is said his portrayal of it is a revelation in romantic acting. His characterization has originality, richness and force as well as the light and shade, feeling and delicate touch of a master hand. The company will be the same excellent organization that has supported Mr. Whiteside in the past. At the Grand tomorrow evening, March 14th.

Hanley, the well known New York theatrical manager.

THE OLD WAY.

Of Treating Dyspepsia and Indigestion by Dieting a Dangerous and Useless One.

We say the old way, but really it is a very common one at the present time and many dyspeptics and physicians as well consider the first step to take in attempting to cure indigestion is to diet, either by selecting certain foods, and rejecting others or to greatly diminish the quantity usually taken; in other words, the starvation plan is by many supposed to be the first essential.

The almost certain failure of the starvation cure for dyspepsia has been proven time and again, but still the moment dyspepsia makes its appearance a course of dieting is at once advised.

All this is radically wrong. It is foolish and unscientific to recommend dieting or starvation to a man suffering from dyspepsia, because indigestion itself starves every organ and every nerve and every fibre in the body.

What the dyspeptic wants is abundant nutrition, which means plenty of good, wholesome, well cooked food and something to assist the weak stomach to digest it. This is exactly the purpose for which Stuart's Dyspepsia Tablets are adapted and this is the method by which they cure the worst cases of dyspepsia, in other words the patient eats plenty of wholesome food and Stuart's Dyspepsia Tablets digest it for him. In this way the system is nourished and the overworked stomach rested, because the tablets will digest the food whether the stomach works or not. One of these tablets will digest 3,000 grains of meat or eggs.

Your druggist will tell you that Stuart's Dyspepsia Tablets is the purest and safest remedy for stomach troubles and every trial makes one more friend this excellent preparation. Sold at 50c. for full sized package at all drug stores.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute." will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Insist vigorously upon having it if "something else" is offered you. The People's Drug Co.

Use Plenty Water.

Gold Medal flour will make thirty-five loaves more of bread to the barrel than any other flour on the market if you use it correctly. TO EXTEND THE COAL TRUST.

Soft as Well as Anthracite in
Morgan's Grip.

RATES WILL BE ADVANCED.

April 1 Given as the Date for the Extra
Burden on the People—Colliers to
Be Shut Down and Miners Thrown
Out of Work.

New York, March 13.—The success of J. Pierpont Morgan in securing an agreement of railroad lines for the handling of anthracite coal marks an era in the history of trusts, and already, following quick after the news of the trust's formation, comes the notification from Hazleton of a shut-down caused by the trust.

Mr. Morgan has laid his plans for a further demonstration of his power on April 1. It will show that he is not to be content with a trust that merely controls anthracite or hard coal. He has a scheme to control the output of the soft or bituminous coal mines as well.

His April 1 demonstration, it is said, will be an announcement of an increase in freight rates by all the roads carrying bituminous coal from the fields of Ohio, West Virginia and western Pennsylvania. His recent reorganization of the Columbus,ocking Valley and Toledo railroad was the main step toward this consummation. He secured control there and followed up his advantage.

Freights from the bituminous coal region have been so low, and consequent prices so low, that the disuse of anthracite coal was beginning to be discussed by numerous factories and steamship companies. But the soft coal railroads are now ready to go ahead with Mr. Morgan's plan.

Rates on soft coal will be put up, less of it will be used, and less of it will be mined. What is sold will be dearer. Poor people will pay more. Miners will be thrown out of work.

EIGHTH COMING HOME.

Illinois Regiment Has Left Santiago for
Chicago.

Washington, March 13.—The war department expects to have all the volunteers out of Cuba by the middle of April. There are five transports to carry the men, and it is calculated that they will be able to bring all the 25,000 troops home in the next five weeks. The majority of them will be brought to Savannah, to be mustered out there.

The Eighth Illinois, which left Santiago Saturday, will come to Newport News on the Chester, and be transferred from the lighters to a special train which will be in waiting and hurried through to Chicago, where they will be mustered out.

The Second, Fourth and Ninth Illinois regiments are in Gen. Lee's corps near Havana, and they will be transported from that city to Savannah, Ga., where they will be mustered out. The time has not been fixed for their departure from Havana, but they will be brought home within the next five weeks.

Will Carry Out Gomez Deal.

Washington, March 13.—This country has never recognized the Cuban assembly as anything more than a voluntary association of certain Cubans, hence its action as to Gen. Gomez will not interfere with the plans of the United States regarding the disbandment and payment of the so-called Cuban army. The arrangement was made with Gomez and it will be carried out with him. He agreed to disband his troops, and they will be paid on that basis.

Talk of a Trust.

New York, March 13.—An effort is being made to consolidate builders of pipe organs into a trust. The initiative has been taken by Chicago capitalists, who recently visited this city to consult the builders here and in other cities of the east. It is reported that the proposed trust would have a capital of nearly \$50,000,000, and, according to the propositions laid down by the promoters, would operate two large factories, one to be located in the west and the other in this city.

You'll never get tired, tagged out, disappointed, unhappy or make mistakes in marriage, if you use Rocky Mountain tea. Smith's pharmacy. Kodak agents.

Kipling Rests Much Easier.

New York, March 13.—Rudyard Kipling was very restless Saturday night. He had great pain at 11 o'clock, but after that rested easier. The last portion of the affected lung to clear up was undergoing the process of healing, and the air penetrating the open lobes of the lungs had cut like a knife. It is not true, as stated by some of the papers, that Mr. Kipling has seen some of his friends. Those he has seen have been his own immediate family, the doctors and his nurses.

Again to Appeal Ramsay Case.

Carlyle, Ill., March 13.—The local creditors of the defunct Ramsay bank have again been defeated in the Appellate court, by the Chicago bondsmen of the late state treasurer. An appeal to the state supreme court from the decision rendered at Mount Vernon Saturday will be taken immediately, though, by the attorneys for the local creditors.

Anderson, Ind., March 13.—An Indiana baseball league was organized in this city Sunday. The organization was effected with but four clubs—Anderson, Elwood, Wabash and Marion. The membership will be extended to eight clubs. The applicants are Muncie, Logansport, Mansfield, Ohio; Huntington, Terre Haute, Kokomo and Richmond. The season will open May 10, closing Sept. 10. Sunday ball will be played. The organization will be according to class F, national agreement, salary limit \$600.

Turners to Teach Morality.
Milwaukee, Wis., March 13.—The Wisconsin Association of Turners at the annual session Sunday decided to organize Sunday schools for the purpose of teaching morality along the lines of non-sectarian instruction. The course of instruction will consist in teaching the laws of the land and the fundamental principles of this government. The Bible and all creeds will be ignored, and an effort will be made to implant ideas of morality in the minds of the young without binding them to any dogma.

Protests Against Treaty.
Washington, March 13.—Another startling Carlist manifesto, signed "Your Constitutional King," has been pasted on the interior walls of all barracks in Madrid and in many other cities and towns in Spain. The purpose of this manifesto, which was suppressed by the censor, is to protest against the ratification by the cortes of the treaty of peace between the United States and Spain. The language of the document is full of fight.

Withdrawing Marines.
Peking, March 13.—The French and Russian ministers have informed the Tsung Li-Yamen that their governments will soon withdraw the marines who are guarding the French and Russian legations. The American marines brought there for the purpose of guarding the United States legation are also under orders to leave Peking.

Nervous Wreck.
Left by La Grippe in a Very Nervous Condition: "Had 'Queer Feelings' in my Head." Cured by
Dr. Miles' Nervine.

If you have had La Grippe, you can realize something of the suffering endured by its thousands of victims every year. You know, perhaps, how it tears and strains at your spinal column; how it twists your neck and fairly seems to split your head wide open. You know how it seizes you with a vice-like grasp, whirling you up into the black cloud of a nervous cyclone—then suddenly lets you go and you fall back bruised and wounded when the storm is over. Perhaps you also know that Dr. Miles' Nervine will kill La Grippe—that it is a wonderful healer and will close up the lacerated wounds and revive the vanquished spirits. Thousands of unfortunate victims have found in that great nerve food and tonic just the medicine needed to repair the injuries inflicted by the modern scourge, La Grippe. If you don't need it tell your friends about it. It will help them.

in praise of Dr. Miles' Restorative Nervine. He writes: "In January, 1892, I was taken with a severe case of La Grippe which hung on for five long weeks; and as a result I was left in a very weak condition. My nervous system was affected to such an extent that I could not sleep at night, and I was restless at all times. As my physicians were unable to relieve my suffering, I decided to try Dr. Miles' Restorative Nervine. After using one bottle I began to sleep at night, and my sleep was quiet and restful. As I continued the use of the medicine my nerves steadied up, the 'crazy feelings' left my head, and I have not been troubled with them since. Dr. Miles' Nervine did more for me than all the doctor's medicines I ever took."

Another victim of La Grippe writes as follows: "I had an attack of La Grippe which left me in a fearful condition. I lost all appetite for food, was troubled with a fluttering sensation of my heart, and my nerves were so shattered that it was almost impossible to obtain sleep or even to lie down. The doctors did all they could for me and finally told me that I could not live more than three

weeks. I then commenced taking Dr. Miles' Restorative Nervine together with Dr. Miles' New Heart Cure and in less than two days I was able to go to bed and sleep soundly all night. I continued to improve steadily until my old strength and vigor had returned to me, and now I feel as if I had been made a new man. My gratitude for the benefit I have received from these wonderful medicines is unbounded, and I never cease to sound their praises whenever and wherever opportunity occurs.

Will Wait for the Sherman.

Washington, March 13.—It is the opinion of army officers here, including some who are in a position to know the plans, that Gen. Otis at Manila will not direct the inauguration of an offensive campaign against Aguinaldo and his rebels before the arrival of the transport Sherman. With the soldiers on the Sherman he will have a force of about 28,000 men; which officers here believe will be sufficient to demoralize the rebel forces, if not cause their surrender.

Raise Funds to Aid Filipinos.

PASTORAL THEMES

AT THE CHURCHES

INTERESTING AND IMPRESSIVE SERVICES.

Rev. Hall Spoke Yesterday Morning on the Beatitudes—Rev. Kempton began a series of sermons on "Fresh Light on Old Truths," Subject, "Knowing God."

At Court Street M. E. church, Rev. Walter A. Hall spoke yesterday morning on the beatitudes. He said in part: "Blessed are the Merciful," should perhaps read blessed are the compassionately active. Not those who are mercifully disposed, who are ready to say consoling things, or to shed sympathetic tears, but those whose pity crystallizes into the bright gems of helpful deeds. Such shall be compassionately treated. The world is a mirror. Scowl in it and it scowls back. Shake your first and another fist is raised. Smile and it smiles. Be compassionate and others, yes, and God too, will smile back in compassion on you.

"Blessed are the poor in heart," is, literally translated, blessed are the cleansed in heart. The laundry is white and beautiful because it has been washed. If there is a pure heart in this sin polluting world, it is because it is cleansed. The participle is in the present tense. It is not blessed are they who were cleansed, but are cleansed. A man who washed 10 years ago is not therefore clean today. So with the person forgiven, cleansed in heart, 20 years ago. Some plague spots in the great cities are abodes of impure, heaven is the counter part of these places. It is the abode of the pure and by certain implication of the pure alone. "Blessed are the peace makers," not strife makers. How easy to carry the fire of evil words, and start conflagration of strife.

The strife makers should be called the children of the devil. The peace makers should be called the children of God. In closing Mr. Hall spoke on "Blessed are they who are persecuted for righteousness sake." Next Sunday morning he will speak on the Lord's prayer. In the evening Mr. Hall spoke to a good audience on Julius Caesar and Moses.

At the Baptist Church. A goodly congregation greeted Rev. Arthur C. Kempton, in spite of the inclement weather. He began a series of sermons upon "Fresh Light on Old Truths." His first subject was "Knowing God." The text was in John 17:3. This is a part of the prayer of Christ for His followers. There is now greater need of men knowing God than at any time in history. Unbelief has led men to find out for themselves about their belief in God.

Let us look at this question: Is there a God; and can we know him? Is it possible that the existence of God is a mere dream? If so, millions all down through the ages and in all conditions have been dreaming. Our reason compels us to believe in God.

Do we believe that workmen made the buried cities of the earth? Is so, our reason also tells us that there is a maker of the universe. Experience also tells us to believe in God. Do you believe in your mother? Her cold, dead body is not your mother. You know that she who is gone, has loved you. You know it by experience, and you may also know God's love to you, although you may not be able to see Him. He is not far off, but He is near you.

Science has even declared that we are ever in the presence of God.

God has ever been with us and has known all of our life and ready to comfort and help us.

It is possible to know God as our friend. We may not only know him by his works, but we may know him by a personal contact with him. Open your heart and he will come in and abide with you. How may we know him? Nature tells you something about him, but the only true way is to know Jesus Christ. He that hath known Christ knoweth God. He ever lives, and we may know him.

He lives to intercede for you and to bring comfort and joy to you who are in sorrow and sin.

By knowing the beautiful life of Christ we shall know God. Oh! that we may more and more know Christ, and thus come to know God.

In the evening Mr. Kempton's subject was, "Running the Risk."

An interesting aftermeeting was held.

ICE DELAYED THE TRAIN

Mineral Point Passenger Had a Queer Experience This Morning.

The Mineral Point passenger train due in Janesville over the Milwaukee road at 9:20 o'clock, owing to a thick coating of ice that covered the tracks near Gratiot. The storm of Saturday flooded the tracks for a considerable distance, and when the cold wave struck that part of the state Sunday, it turned the water into ice. Trainmen had to get out and clear the way for a considerable distance before the train could proceed.

THE members of the Relief Corps are requested to meet Tuesday afternoon at 2:30 o'clock at the G. A. R. hall. All officers, especially, are requested to be present.

DON'T be misled, seeing is believing. That's our plan. Was anything sold to you from our store that was misrepresented? If so, bring it back and get your money, whether you have worn them one day or six months. Amos Rehberg & Co., shoe hustlers.

A NEIGHBORING exchange says that all delinquent subscribers who pay up for the past six months will be entitled to the clubbing rates. This appears singular, as it would seem that they would be more entitled to a clubbing if they didn't pay up.

WILL the ladies that comprised the Soldiers Aid society last summer please meet at G. A. R. hall, on Thursday, March 16, at 2 p. m., to vote on expending a sum of money left in the hands of the treasurer. Mrs. L. L. Fletcher, treasurer.

J. F. WORTENDYKE, of the New Gas Co., left this morning for Philadelphia to attend the annual meeting of superintendents of Gas Works to be held in that city. Mr. Wortendyke's father and mother, who have been spending the winter in this city, returned to their home in the east and will cover part of the journey with their son.

BLUE RIBBONERS

HELD WARM SESSION

SALOON KEEPER HERE ARE CALLED TO TIME.

At the Y. M. C. A. Building Yesterday Most Interesting Gathering Took Place—Prominent Men Among the Speakers—License Question Will Probably Be Voted On.

What proved to be one of the most interesting meeting ever held in Janesville under the auspices of the Murphy Blue Ribbon club, a local temperance organization, was that held yesterday afternoon at the Y. M. C. A. building. A good sized gathering was present, among whom were many prominent in local business affairs.

President James Mills was absent, and in his place Vice President Otis H. Brand presided.

Samuel Cobb, of the Janesville Machine company, delivered a most interesting address along the line of temperance, stating that he was a total abstainer, and that to follow these principles was about the only way to get along. He stated that he had been an employer of men for many years and that he had known the brightest of men to go down under the influence of drink.

Nathan Dearborn, the well known real estate dealer, was also on the program and created no little surprise when he stated that the Sunday law was being violated here in Janesville by the selling of liquor.

He stated that a well known business man here informed him that he counted fully fifty men one Sunday who entered a certain saloon, that was supposed to be closed.

Otis H. Brand was of the opinion that the 11 o'clock ordinance was being violated as well as the Sunday closing ordinance.

Dr. H. A. Palmer gave a most interesting talk, giving figures in relation to the vast amount expended here in Janesville in one year's time, all of which went into the saloon.

He showed that the forty-two saloons here paid an annual license of \$21,000 and that above this sum fully \$130,000 was expended by Bower City citizens for intoxicating liquors. Dr. Palmer thought that the Murphy club should enter the field at once to remedy this evil by waging war on the saloon keepers.

Secretary Kline of the Y. M. C. A. thought different and in the meeting stated that he thought that the club members should work along other lines and not attack the saloon men.

The sentiment prevailed that the club should not take up the work of fighting the saloon.

Rev. A. C. Kempton also spoke, stating that the club should enter into other work for the good of the cause aside from the regular Sunday meetings.

Other speakers were on the program, and all in all the gathering was a most interesting one.

The petition now being circulated through the city by members of the I. O. G. T. order asking that the license or no-license question be voted on at the coming spring election, is being liberally signed and there is little doubt but what the desired number of signatures will be obtained.

DELIGHTFUL SOCIAL EVENT

Given Last Saturday Evening at the Hotel Myers.

Saturday evening thirty-one couples were royally entertained at the Hotel Myers, being guests of Miss Edna Johnson and Len E. Johnson, daughter and son of Mr. and Mrs. E. C. Johnson, the occasion being the twenty-first birthday of the son, although the guests were not aware of this fact till time of departure.

The apparently short hours of the evening were pleasantly passed in dancing, the spacious main dining hall of that popular hostelry being cleared of its furniture, making an excellent ball room. Johnny Smith's orchestra, seated on a platform in the center of the room, furnished most inspiring inspiration.

Above the platform, starting from the large chandelier, were the colors of the Coterie club—yellow and black—extending to each corner of the orchestra stand. Flowers and potted plants added beauty to the scene.

In one corner of the room a punch bowl served as a most inviting place to refresh oneself between dances.

In the ordinary south of the dining room most tempting refreshments were in order the guests being faultlessly served.

At midnight the festivities came to an end of what proved to be one of the most delightful of informal functions.

LARGE MEMBERSHIP WANTED

Citizens Here Should Join the School Art Auxiliary.

An effort is now being made to secure a larger membership to the School Art Auxiliary, a society to membership in which every man, woman and child in the city is eligible. The yearly dues have been placed at twenty-five cents, so that everybody who is interested in the work can afford to join.

The work for which the Auxiliary was organized is the placing of works of art in the school rooms. This is to be done so that the rooms in which the children spend so much of their time, may be bright and attractive; but there is a deeper and more important one—the moral development of the children.

The School Art Auxiliary has about one hundred members. It would like ten times that many and it should not be difficult to secure that number. A regular meeting will be held in the science room of the High School building, Friday afternoon March 17th, at 4:30 o'clock. Be present at the meeting if possible and lend a hand in helping the children to higher conceptions of the artistic and to better morals.

FOR JULY 12, 13, 14

THE GATHERING WILL BRING THOUSANDS HERE.

Representatives From Here Are Home From Chicago Where they Met Chairman of the National L. A. W. Racing Board—Janesville Cycling Club Elects New Officers.

Representatives of the Janesville Cycling club are home from Chicago, where they met Frederick Gerlach, chairman of the National Racing Board of the League of American Wheelmen for the purpose of fixing a date for the state cycling tournament to be held in Janesville this summer.

The dates agreed on were July 12, 13 and 14.

Whether or not these dates will stand remains to be seen as the committee is now in communication with several L. A. W. clubs in southern Wisconsin and northern Illinois to see if the time set is satisfactory. In all probability the July dates will stand.

At a recent meeting the following officers of the Janesville Cycling club were elected and will preside over the coming three day tournament:

President—M. G. Jeffris.
Vice President—E. D. McGowan.
Secretary—Stanley D. Tallman.
Treasurer—William W. Watt.
Captain—E. V. Whiton, Jr.

What will undoubtedly be the largest cycling meet carried out in the state of Wisconsin is scheduled for Janesville. The event will be given under the auspices of the Janesville Cycling club, who have already secured the necessary sanction of the L. A. W.

One thousand dollars in cash will be hanging up for the professionals to compete for and \$500 will be expended for prizes. The coming meet is of much importance to the Bower City, as it means the coming of thousands from all portions of the state.

Janesville will have the advantage of drawing cycle enthusiasts from all portions of northern Illinois, several of the leading cycling clubs of Chicago have already signified their intention of sending good sized delegations.

Representatives of the Chicago, Milwaukee and St. Paul, and the Chicago and Northwestern railroads having already notified the club that they will grant a half fare rate from all points in the state as well as in Illinois and any other territory that would benefit the coming meet.

The Milwaukee road will have fifty extra coaches on hand and will also run excursion trains.

The Northwestern have promised to do all in their power to make the coming meet the greatest of its kind ever held in the Badger state.

The local race track, and fair grounds have been secured, and considerable money will be expended to put the track in shape.

Between races, fencing and boxing bouts will be introduced, and a grand ball and street fair will bring the meet to a close.

WINE OF CARDUI

How a Woman Suffers.

HOWELL, IND., Nov. 25.
I will always praise Wine of Cardui. It has done me more good than all the medicines I have ever taken in my life. Please send a book about female diseases to the ladies whose names I enclose.
Mrs. MINNIE STODGHILL.

WINE OF CARDUI

It isn't necessary for a woman to give particulars. When she says she has "female troubles", other women know what that means. It means days and nights of endless suffering. It means headaches which no tongue can describe. It means that terrible bearing and dragging down in the lower abdomen. It means agonizing backache, and shoulder ache, and arm ache, and aches in the lower limbs. It means nerves on edge—the blues—despondency and loss of hope. It means debilitating drains that the doctors call leucorrhoea. It means martyrdom—sometimes even death seems preferable. And still Wine of Cardui will utterly put those diseases and pains to rout. It has cured thousands of cases when nothing else on earth would. To the budding woman, to the bride, to the wife, to the expectant mother, to those going through the Change of Life, this Vegetable Wine is a blessing.
